BACKGROUND

The *International Conference on Information Quality* (ICIQ), also referred to as the MIT IQ Conference, is hosted annually at MIT in Cambridge, MA. Each year, the conference attracts numerous researchers and practitioners from the academic, public and private sectors. In addition to the official program, there are plenty of opportunities for informal discussions. The conference program will include tracks of practice-oriented papers, research papers, and panel sessions. ICIQ strongly encourages practitioners to submit papers that report experiences, lessons, and perspectives.

The 12th *International Conference on Information Quality* will be held at MIT from November 9th (Friday, 5-6:30 p.m.) to November 11th (Sunday noon), 2007.
