13th International Conference on Information Quality (ICIQ-2008)

MIT, Cambridge, Massachusetts, USA
November 14-16, 2008
http://mitiq.mit.edu/ICIQ/2008

BACKGROUND

The *International Conference on Information Quality* (ICIQ), also referred to as the MIT IQ Conference, is hosted annually at MIT in Cambridge, MA. The conference attracts researchers and practitioners from the academic, public and private sectors. In addition to the official program, there are many opportunities for informal discussion. The conference program will include tracks of practice-oriented papers, research papers, and panel sessions. ICIQ strongly encourages practitioners to submit papers that report experiences, lessons, and perspectives.

Accepted papers will compete for the *Stuart E. Madnick IQ Best Paper Award* (US$1,000). Further, the best paper and other high-quality papers will be considered for fast-track to the *ACM Journal of Data and Information Quality*. The 13th *International Conference on Information Quality* will be held at MIT from November 14th (Friday, 5-6:30 p.m.) to November 16th (Sunday noon), 2008.
